

# Fitting Report for SAB

**Description:** Synthetic alkyl benzene - Marlotherm X

**Source:** Åke Melinder. Properties of Secondary Working Fluids for Indirect System...

**Temperature:** -80.0 °C to 100.0 °C

**Composition:** pure fluid

**Density:** coefficients to polynomial (2, 1)

**Spec. Heat:** coefficients to polynomial (2, 1)

**Th. Cond.:** coefficients to polynomial (2, 1)

**Viscosity:** coefficients to expolynomial (3, 1)

**Psat:** no information

**Tfreeze:** no information
